

# FLOAT SWITCH

## Art No: HM-2C10M-R

Change-over contact (NO/NC),  
(both for filling and emptying) with  
adjustable hystereses

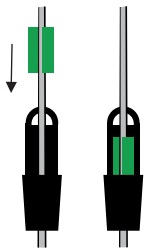

10m EDPM cable

Technical data HM-1C10M-R	
Switching element	micro switch
Rated voltage	6...250 VAC
AC current rating	6A resistive load, 3A inductive load
Max pressure	200 kPa
Protecting class	IP68
Temperature range	+55° C
Weight	1,25 kg
Float size	Height 140mm, Ø 76mm (max)
Float buoyancy	2 N (200g.)
Float material	Polypropen (PP)
Cable	10m EPDM (Rubber)

Weight 400g. is included  
(size: Ø55x100mm) fix to the  
cable with a clamp wedge.

Wall bracket is included  
The hanging loop are fixed to  
the cable with a clamp wedge.

- 1 GREY max 6 A, 6...250V
- 2 BROWN
- 3 BLACK

Note! Wire end must be isolated
